Manager's Report:

Milton Road Unifi Fiber Utility Pole Project

Mr. Close informed Council that the Unifi Fiber project was, primarily in Jefferson Township, Morris County, and that was where they had filed an application to install utility poles on behalf of Verizon. He stated that the subcontractor at the time required a Township Road Opening Permit for the 8 poles being installed with 6 of those poles being located in Sparta Township's Right-of-Way. He stated that the subcontractor was to coordinate the actual work directly with the NJDEP. He further stated that earlier this year he had shared with the Council the NJDEP Notice of Violation where they ordered that all unauthorized activities must cease immediately on the project. The Township was again being asked by Pennoni Associates Inc., an Agent for the Applicant Unifi Fiber, to sign a new NJDEP Application form for the Freshwater Wetlands LOI Line Verification and Freshwater Wetlands General Permit with a Highlands Applicability Determination. He stated that Sparta's signature would only confirm that Sparta Township owns the Right-of-Way with regard to the project areas located within Sparta, and that it was not a determination by the Township that we were for or against the project. He further stated that he was seeking Council's authority to sign on behalf of the Township of Sparta.

Knoll Heights 911 Drill

Mr. Close informed Council that a simulated fire drill had been conducted at the Knoll Heights assisted living facility. He stated that Deputy OEM Coordinator Jan Wright organized this drill. He stated that the emergency services that had assisted in the drill included the following: Sparta Fire Department, Sparta Ambulance Squad, Sparta Police Department/Dispatch Center, Sparta Office of Emergency Management, Sussex County Sheriff's Office of Emergency Management, and the Sparta CERT Team. He further stated that the drill went smooth and all occupants of the building were successfully evacuated. He stated that an after-action critique had been conducted which resulted in positive input and feedback from all involved from any of the issues or obstacles encountered during the drill. He stated that future OEM drills would be scheduled throughout the year. Mr. Close commended Chief Spidaletto, OEM Coordinator, and Deputy OEM, Jan Wright, for their professionalism and continued hard work to continue keeping the residents of Sparta safe.

Station Park/Basketball Courts

Mr. Close reported that the Parks and Public Works Departments began renovating the existing park adjacent to Kids Kastle to provide for two (2) full-length High School regulation basketball courts with lights. He stated that this was a combination of work by Township personnel and contractors. He further stated that he anticipated completion of the project on or about September 4, 2018, subject to weather conditions.

Bid (CN-18-05) Lease of Communication Antenna/Transmission System Space

Mr. Close stated that the auction had been authorized by Resolution #18-68 on April 24, 2018, to accept formal bids for this Lease. He further stated that the Township has been advised that T-Mobile continues to express interest in leasing this space on our Mill Creek Road (Highlands) Water Tank and requested again a re-advertisement of this bid. He stated that he would be advising the Council accordingly as to the re-bid date.

Bid (CN-18-02) for Coating of Seneca Lake Water Storage Tank

Mr. Close gave an update on the status of the aforementioned bid that had been awarded through Resolution No. 18-57 on March 27, 2018, for the contract to paint the Seneca Lake Storage Tank. He stated that the project had experienced many delays due to weather conditions and moisture. He stated that the old coating had been stripped from both the inside and outside of the tank and that the new coating phase had begun. He stated that depending on the upcoming forecast, that all the painting should be completed in two weeks and that he hoped to have the tank back on-line by September.

Tomahawk Lake

Mr. Close informed Council that the Township had continued to receive complaints from the residents who live in the surrounding area of Tomahawk Lake Water Park. He stated that Chief Spidaletto and Corporal Kurt Morris would be attending the Byram Planning Board meeting scheduled for September 6th to express the multitude of issues that those Sparta residents have incurred. He stated that the issues included the overflow of traffic and trespassing complaints that the Township had received over the years. He stated that the facility had made application to the Planning Board for possible changes/additions to the park. He further stated that Chief Spidaletto had been in contact with the Byram Police Department and Chief Zabita with regard to some of the emergency response issues and concerns that Byram encountered. He stated that Chief Spidaletto would be reporting back with any information they obtain from this meeting.

Payment Drop Box

Mr. Close stated that the Township would be utilizing an alternate vendor for the project as the low bidder for concrete work in Town was backed up with existing work due to the inclement weather conditions experienced in the last several weeks. He stated that the Township Engineer was anticipating that they would be able to undertake this work in the next two weeks with completion of the project by the Labor Day weekend. He further stated that notice of this payment drop box would be included in the tax bill being mailed to all residents.

Paving and Microsurfacing

Mr. Close informed Council that the inclement weather had continued to push off the paving of West Mountain Road and Houses Corner Road. He stated that the vendor advised that August 18th and 25th are scheduled with the possibility of another crew being made available this Saturday so that both roads could be completed, weather permitting. He stated that the road resurfacing had been cancelled due to the forecast. He stated that the staff does a great job with customer service to residents and professionals with whom they encounter on a daily basis, but that it was always good to keep the staff educated with updated training techniques so as to deliver excellence.

Pass It Along Triathlon

Mr. Close stated that on Saturday, July 28th the Pass It Along Triathlon Race had been held and that he was advised by Sparta Police that the event ran smoothly. He stated that the Sparta, Byram and Andover Police Departments all assisted with the event for traffic control and safety. He stated that the Public Works Department had assisted with sweeping the Lake Mohawk Country Club Roads and County Roads so as to keep the participants of the race safe.

Route 15 South Bound

Mr. Close informed Council that he had received an Advanced Traffic Impact Notice from the NJDOT. He stated that on or about August 20, 2018, the State would be performing pavement preservation with temporary shoulder and lane closures with no new traffic pattern. He stated that the work would be on State Route 15 Southbound from the Sussex County Line to Route 181 and that it would impact Sparta and Jefferson Townships.
